

Follow Me Roundtable Challenge

Over these past four weeks, we have followed Jesus' example and learned to value, connect with, serve & influence people.

John Maxwell has made a tool available to our church called "John C. Maxwell's Essentials of Success." It is a six week video resource helping add value to people through teaching proven principles of success that people can apply to their business, work place, home or school. John Maxwell is well known in the secular world and an effective communicator.

This is the challenge:

To host a six session roundtable discussion with several people who are in your sphere of influence (co-workers, friends, students, people with similar interests) but who are not followers of Christ. This is not for people who are already followers of Jesus. Each roundtable session lasts about 1 hour and begins with a video lesson from John Maxwell. You will then facilitate a discussion based on the 6 video lessons covering the topics of attitude, personal growth, relationships, character, adding value and living intentionally.

There is a 7th additional video where John Maxwell will share his faith in a simple but powerful presentation. You will invite attendees to watch after you have built a bridge of relationship and shown you want to add value to their lives.

Will you commit to attend the facilitator training and learn more about hosting at Roundtable discussion.

Laurentian Wesleyan Church on Tuesday, April 14th at 7pm. If you can't attend that evening, we will talk about an alternative date.
